

MAIN DAO GOVERNANCE PROPOSAL PROCESS FOR:

Financial proposals, Meta Gov proposals that change the governance processes, parameters, or artefacts of the Aragon Network, RFP's and Guild formation Proposals.

Step 1. Public deliberation

A post with the draft of the proposal is posted in the Aragon forum for a minimum of 7 days and maximum of 14 days.

Step 2. Voting

The proposal (or a revised version of the proposal incorporating the community's feedback) is posted for a vote.

Voting power: 1 ANT token = 1 Vote.

Step 3. Approval

A proposal is deemed approved and scheduled for execution if a minimum of 5,000 ANT has been used to vote, has a simple majority of >50% of participating ANT voting in favor & the Tech Committee has communicated via a forum post that any code submissions have been accepted & incorporated.

Notes:

- Draft proposals are required to be posted according to specific formats, templates can be found by following [this link](https://ipfs.io/ipfs/bafybeiepss4ju5fa44zpjfnn2zlpqlwjgf5fsiiccxix27dysnar3ncdbt4/?filename=Aragon_Network_DAO_Charter_v1.0.0.pdf)

MAIN DAO GOVERNANCE PROPOSAL PROCESS FOR:

Election Proposals

Step 1. Public deliberation

A post with the draft of the election proposal is posted in the Aragon forum for a minimum of 10 days and maximum of 30 days.

Step 2. Sourcing Candidates

Candidates can be proposed and/or propose themselves by replying to the Forum post with their identifying information and their rationale as to why they are an ideal candidate for the position. (only one candidate per post reply)

Step 3. Voting

The top 10 candidates with the highest number of upvotes in the Aragon Forum will be put forward to a vote.

Step 4. Approval & Execution

In the exceptional case that two proposed users gain the same number of votes, the winner will be the candidate who reached the tying number of votes first.

EXECUTIVE SUB-DAO GOVERNANCE PROPOSAL PROCESS

The Executive DAO uses a lazy-consensus process (proposals may be presumed to pass unless any explicit objections arise) as follows:

Step 1. Public deliberation

A forum post in the Proposals for Executive Sub-DAO category with a basic explanation is made with a 48 hour window for others to object before scheduling.

Step 2. Schedule

Any member of the Executive DAO can schedule an action in the DAO. Provided said action has not been backed by a majority vote of the Executive DAO members, another member can choose to discuss and if needed cancel scheduled action to allow for discussions.

Step 3. Voting

If the discussion between members doesn't lead to an agreement or can not be scheduled soon enough (as determined subjectively by each member), each member of the executive DAO can trigger a vote of the Executive DAO members to resolve the dispute through a simple majority. The vote must be open for a minimum of 4 days and no longer than 14 days.
